

Our Community - Learning Together

Encouraging Others

"Tell me more..."

Watch the speaker when they are talking. Nod your head & smile to show them you are listening.

Taking Turns

"It's your turn now..."

One person speaks at a time. When someone else is speaking, watch them and give them your attention.

Active Listening

"I think what you're saying is..."

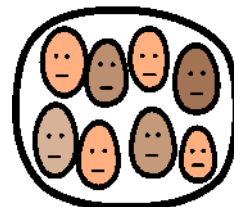

Listen carefully to other people's ideas and try to understand what they are saying.

Including Everyone

"Do you have an idea?"

Invite people to join in the conversation and make them feel welcome.

Disagreeing in an Agreeable Way

"I understand your idea. What about..."

Listen to the person's entire idea before adding anything. Be calm & use a quiet voice. Smile as you speak & make eye contact.
